To whomsoever it may concern

This is to certify Ms. Keertana Sudarshan who was a student of Prakriya Green wisdom School from 2008 to 2017 worked as a volunteer for two weeks (beginning 27th May 2019). During this time she worked with junior students from grades 5 to 7, who have joined the school under the RTE quota.

She was responsible for

- teaching children to read and write in English
- enabling their spoken English skills, including improving their vocabulary
- enabling their basic math skills (addition, subtraction, multiplication and division)

Her ability to accept and work with the differences in the group, her sensitivity to understand the needs of the children and work from where they are, her ability to connect with the children made her a much-sought after 'akka' (big sister). The valuable inputs she offered during circle time, and suggestions to the school such that the needs of the children are kept in mind, is remarkable.

We wish her the very best

Regards,

Radha Ravichandran

(Director)
